Non Install Instant Hot RO Water Purifier MN-BRT05

Designed with the user in mind

- No need of installation,very compact and can be put anywhere that have a power supply.
- Designed with ease and practicality in mind, incredibly easy to use and assemble
- Instant boiling system, getting healthy water fast.
- Get water of ambient, warm, hot or boiling at your needs!

  25 ° C, ideal for direct drinking
  Warm water (40 ° C - 50 ° C), ideal for baby food
  Hot water (80 ° C - 88 ° C), ideal for coffee.
  Nearly boiling water (90 ° C - 98 ° C), ideal for tea.
- Three option of volume to dispense: 150ml,250ml,1000ml
- Automatic shutdown mode, save energy
- Quick change powerful filtration system with filter change alarm ensuring quality of water

  Compound filter(PP+Carbon): removes coarse particles, chlorine and organic impurities, etc.

  RO Membrane: removes all pollutants and flavors to almost 100%
- Easy to fill up the water and change filter
- Build-in TDS value display before/after to show water quality
- Auto-sterilization of water tank with UV-LED (optional)
- For customers with harder or water with higher TDS, we do not recommend this product unless you are happy to make be more frequent membrane filter changes

Technical Data

Rated voltage: 220-240V
Rated frequency: 50Hz
Rated total power: 2100W
Filter Size: 10 inch
Filtering accuracy RO: 0.0001μm
Flow rate of ambient water: ≧0. 13L/min
Flow rate of hot water: ≧0.45L/min
Hot water capacity: ≧30L/h
Tank Volume (raw water): 5L (PP Food Grade)
Tank Volume (pure water): 1.5L (PP Food Grade)
Filter Life Expectancy: Total 2000L.
Fiter Change: PP: 3-6 months; Carbon: 1year; RO: 1year
N.W.: 7.1Kgs G: 8.1Kgs
Product Size: 175x380x440mm Packing Size: 275x485x495mm
Loading (20GP/40GP/40HQ)/PCS: 472/960/1152pcs
